

Econo SHELTERS

1.888.983.2666

Econoshelter's are an engineered steel truss building that provide very large clear spans and are covered with the latest generation polyethylene material. Econoshelter's offers a clear span of up to 100 feet and unlimited length, and are constructed with structural steel pipe and are designed to last upwards of 40 years. Portability and value are key factors for our clients and that is what we offer at Econoshelters.

Contact us to find out how you can create a safe, secure, and enjoyable atmosphere for all your industrial needs.

OUR SHELTERS

An Econoshelter is a storage shelter with a reinforced steel truss system. The cover is comprised of newly developed polyethylene tarp. This is an extremely durable cover that has been scientifically tested in the most extreme weather conditions possible. This cover provides a comfortable work or leisure atmosphere due to the natural sunlight that is filtered throughout the building. The cover is available in a variety of colors to suite your specific needs, and the frame can be engineered to fit into almost any desired location.

Each Econoshelter can
be customized for
ALL YOUR NEEDS.

As well, each building is designed as a portable structure allowing it to move as you do, however permanent foundations are available.

UNIQUE VALUE

This method of storage has been used in a variety of industries and private owners. The following are a few examples of uses for an Econoshelter:

- Oil and gas field shelters
- Concert venues
- Trade shows and event venues
- Transportation (Department of highways)
- Storage of materials and goods (road salt, chemicals, building materials etc.)
- Highway trucking storage
- Agriculture (Barns, leisure riding areas, hay and grain storage)
- Airplane hangars

WARRANTY

Econoshelters takes pride in providing a durable, long-lasting product and we prove that by offering the Econo-line warranty package. The Econo-line cover carries a 15 year limited (Pro-rated) warranty for each Econoshelter purchase. As well, you receive a 3 year warranty on all steel truss assemblies and components.

Each customer will be given a personal warranty certificate with there Econoshelter purchase in proof of our promise.

MISSION STATEMENT

Econoshelters is dedicated to manufacturing quality buildings, delivering top customer service, and sharing a common goal throughout all areas of the company. In our pursuit for success, we want to ensure that honesty, integrity, and respect are continually present. We aim to become global competitors in the portable building industry by expressing these characteristics.
